

Disciple-making resources:
a very brief, non-exhaustive selection!

Jesus said: "go and make disciples...
...I will be with you always"

Following Jesus in the journey of being and making disciples is a lifelong adventure. It's something that we can't do alone and need others to journey with.

We also need resources to help us. Here you'll find some books, podcasts and websites to explore. Enjoy!

The Disciple-Making Pathway

From a committed core of intentional missional discipleship flows the Disciple-Making Pathway, with these steps along the way...

Encountering God's kingdom. These are the moments of relationship and belonging through which people experience God through the presence and proclamation of missional discipling teams and followers of Jesus.

Believing in Jesus. Missional discipleship teams help people step into relationship with Jesus.

Growing in faith. New Christians join with those already on a journey of discipleship, who share what it means to live a Jesus-shaped life.

Committed intentional discipleship. A missional group in action, committed to a particular people and place, with purpose.

Multiplying missional discipleship. Groups who have been discipled are released and coached as they initiate their own missional discipleship expressions based on God's call and their God-given passions towards a people, group or neighbourhood.

And so it begins again....!
